Footnotes:

(a) Following are the standard installation rates as of April 5 and September 1, 1993.

	4/5/93	9/1/93
Prewired	\$39.95	\$26.10
Unwired	\$39.95	\$52.20

It has been our business practice to offer promotional installation rates to subscribers. For March 1993, our total installation revenue, which includes unwired and prewired homes, custom installations and upgrades/downgrades to unregulated and regulated services was approximately \$30,000. The volume of installation activity for March 1993 was approximately 1,900 prewired homes and 600 unwired homes. At this time, we are unable to determine the volume of installation activity for September 1993. The monthly average installation activity through August 1993 is approximately 2,000 prewired homes and 900 unwired homes. Installation revenue has averaged approximately \$34,000 per month.

(b) We are unable to determine the volume of activity for changes in regulated services for March 1993 or September 1993.

(c) Effective September 1, 1993, an optional inside wire maintenance plan is available to subscribers at a monthly charge of \$.24. It is not required to subscribe to this plan to receive any level of regulated service.

(d) Remotes are not required to receive any level of regulated services. The March and September 1993 charges for a remote are \$2.75 and \$.50, respectively. There are 15,312 remote control units in 14,305 households as of March 31, 1993 and 14,507 remote control units in 13,587 households as of September 1, 1993.

(e) Franchise fees are applied at a rate of 3.564% to limited service and 3% to all other services and equipment on a subscriber's bill. The amount of franchise fees paid by each subscriber varies based on their level of services and equipment.

(f) Total billed and projected monthly revenues for regulated services and equipment are as follows:

(000's)	Actual March 1993	Projected Sept 1993
Regulated Services	\$2,400	\$2,043
Converter	11	64
Installations/Service Changes	30	34
Inside Wire Maintenance	0	22
Remote	41	7
Additional Outlet	114	0
Subtotal	2,596	2,170
Franchise Fees (regulated)	0	71
Total	\$2,596	\$2,241

To All Comcast Cable Customers

New federal regulations governing cable rates take effect September 1, 1993. As a result, your cable bill will look different and the total amount you pay for cable TV service may change. Federal law now regulates most cable rates and charges except for programming offered on a per-program (such as pay-per-view) or per-channel basis. Examples of per-channel programming are premium services like HBO® and SHOWTIME® and any other cable channels available individually. Your monthly bill will now list charges separately for programming, equipment and service calls.

New Comcast rates are listed below. Depending on the services you choose, your total bill may be more, less, or about the same as you pay now. Because of the formulas required to calculate the rates, a cable system may have more than one rate for the different areas it serves.
